

WARRANTY
Basement Fast-Track™ System

Alliance Contracting & Design hereby warrants:

The Basement Drain Main™ System Installed at The Home of _____ to be free of defects in material and workmanship under normal use and service, and that no water shall pass from any wall where the system has been installed, through the system, and collect on the basement floor. Water infiltration anywhere other than where the system has been installed is not covered in this warranty. Said warranty shall be in effect for the lifetime the purchaser owns the structure from the date of completion of installation, and is transferable to future owners for ten years from date of installation. The warranty contained herein shall not apply to condensation or seepage from floor cracks, or any system which has been repaired by a party other than the contractor or has been altered in any way or which has been subject to misuse, negligence or accident. Service calls made beyond one year from date of completion and found to be of no fault due to defective system may be charged a service fee. Contractor's liability under this warranty shall be limited to the replacement within the aforesaid time of any defective work or material, and contractors shall be liable for no other damages or losses. Pump and or mechanical components are under component manufacturer's warranty and are not considered part of the water control "no leak warranty." Pumps carry a one-year warranty.

This warranty is made in lieu of all other warranties expressed or implied and of all other obligations or liabilities on contractor's part. Limited lifetime warranty is only valid for areas where waterproofing system was installed, and if system gets flushed annually. Moisture spots on the floor or walls are not covered under this warranty. We recommend a properly sized dehumidifier to keep basement humidity at no more than 40%.
